TEACH YOURSELF INTERMEDIATE XI UNIT 6

Digital Literacy

Research, data collection, and presentation

What you will master

- Plan surveys, interviews, or prototypes for original data
- Apply ethical, safe online research habits
- Present findings with charts, infographics, and reports

How to use these notes

- Read one section, then close the book and explain it aloud.
- Do every *Try it* box before moving on.
- Memorize tables and truth patterns — exams love them.

6.1 Research skills

Digital literacy is using devices and the internet safely, critically, and productively.

Advanced search: quoted phrases, site: filters, date ranges. Primary data — interviews, surveys; secondary — reports, articles.

6.2 Data collection & ethics

Define purpose, sample size, and consent before collecting personal data. Anonymize responses when possible.

6.3 Presenting data

Choose chart types: bar (categories), line (trends), pie (parts of whole — use sparingly). Label axes, cite sources, avoid misleading scales.

Try it

Collect 10 classmates' favorite subjects; show bar chart and one-sentence insight.

Teach Yourself — Practice & Check

1. Draft five neutral survey questions about phone use for study.
2. List three signs of a trustworthy website.
